I would be willing to pay an extra 3¢ per lb for pet food in order to fund spay/neuter in WA!

Support the Spay - Neuter Bill	In Washington State 60,000+ homeless cats and dogs are euthanized each year . We need to reduce the number of pets born through spay/neuter. This Bill will provide funding for 70,000+ spay/neuters per year and move us toward ending the killing. Funding would come from a fee paid by pet-food distributors. Passed directly to purchasers, the fee would cost pet owners an extra 3¢ per pound for pet food.
SB5329 - HB1406	We, the undersigned, are concerned citizens who urge our leaders to act now and pass the Washington State Spay/Neuter Bill - SB5329 - HB1406
